CATANIA

CONGRESS
October 1st - 3rd, 2025

PRE-CONGRESS Training Course
September 30th, 2025

ARNAS - GARIBALDI-NESIMA HOSPITAL
FOUR POINTS BY SHERATON CATANIA

WELCOME MESSAGE PRESENTATION

Dear Colleagues and Friends,

welcome to the 11th Mediterranean Endo-Gynaecological Surgery Congress, a premier event that brings together leading experts, researchers, and practitioners from around the globe. We are thrilled to welcome you to Catania (Italy), where we will explore the latest advancements, share groundbreaking research, and engage in meaningful discussions about the future of gynaecological health.

This congress is a unique opportunity for us to collaborate, innovate, and inspire each other as we address our field's most pressing challenges and opportunities. Over the next few days, you will have the chance to attend a wide range of sessions, including pre-congress courses, live surgical sessions, keynote lectures, and sponsor exhibitions led by some of the foremost thought leaders in gynaecology.

The Congress offers an intensive scientific program, which includes:

Pre-Congress Courses:

- Master Class Suturing Program
- Imaging in Endometriosis and Gynecologic Oncology. Up to date
- Hysteroscopy Course
- Anatomical landmarks and decision-making on endometriosis surgery

Sessions

- Rethinking Gynaecological Oncology: present and future
- Taking care of Endometriosis: technologies and new approaches
- Hysteroscopy: intrauterine surgery up to date

Keynote Lecture

- Hormone replacement therapy after gynaecological cancer
- Surgical innovation and AI in gynecological oncology
- How to Teach and Train Minimal Invasive Gynecological Surgery?
GESEA: an example of a unique and comprehensive curriculum

Symposium

- New therapies for fibroids
- TRD (Tissue Removal Device) for RPOC (Retained Products of Conception)
- Electrosurgery evolution in Gynaecology: innovation and future of technology
- Sustainability and effectiveness of Robotic Surgery in gynaecology
- Endometriosis: the advantages of robotic surgery treatment
- Endometriosis and adenomyosis-associated infertility
- V-NOTES Technique: innovation in gynaecological surgery
- Abnormal uterine bleeding: which strategies
- Relugolix combination therapy for the management of Uterine Fibroids and Endometriosis: up to date

This year's theme, minimally invasive surgery, reflects our commitment to advancing women's health through cutting-edge science, compassionate care, and interdisciplinary collaboration. We encourage you to take full advantage of the networking opportunities, educational sessions, and hands-on experiences designed to enrich your knowledge and practice.

This year, eminent gynaecological oncological surgeons and experts in radical surgery of endometriosis and hysteroscopy will participate. This Congress represents a great starting point, assuming an important role in returning to training, education, and the continuous updating of future gynaecological surgery.

Finally, we extend our heartfelt thanks to our sponsors, partners, and the organising committee for their invaluable contributions to making this congress a success. Your dedication and support foster a vibrant and dynamic community of gynaecological professionals. A special thanks to Armando Romeo for his huge support in the organisation of the scientific program.

I am sure that Catania, through its history, weather, scents, lights and flavours, will be able to guarantee to all the participants an amazing hospitality.

I am looking forward to welcoming you to Catania.

Giuseppe Ettore

11th MEDITERRANEAN ENDO-GYNAECOLOGICAL SURGERY CONGRESS

Endometriosis - Oncology - Fertility
Meet the experts

Chair

Giuseppe Ettore

Honorary Presidents

Ettore Cittadini, Arnaud Wattiez

Chair Educational And Training Surgery

Armando Romeo

I wish to honor and remember Giovanni Scambia, an unforgettable friend and esteemed colleague, for his unwavering professional dedication and profound human compassion. His tireless commitment to the well-being of his patients, and his dedication to educating and mentoring future generations of gynecological surgeons, leaves a lasting legacy that will continue to inspire us all.

Scientific Coordinators

Giuseppina Blanco, Francesco Cannone, Marco D'Asta

Scientific Committee

*Maria Concetta Blanco, Sergio Giammona, Emanuele Russo,
Antonio Siscaro, Gabriella Torrisi*

PROGRAMME OVERVIEW

PRE-CONGRESS TRAINING COURSES

September 30th, 2025 - Tuesday

A - Anatomical landmark and decision making on endometriosis surgery

Chairs: F. Cannone - M. D'Asta - W. Kondo - M. Zomer

Active participation in operating room

6 participants

B - Master Class Suturing Program

(ENDOCRINOLOGY ROOM 1 - Tower C – Floor -2)

Romeo's gladiator rule technique course performing safe Knots and final test with dynamometer

Chair: A. Romeo

Multidisciplinary suturing course (general surgery, gynecologist, urologist)

10 participants

C - Imaging in Endometriosis and Gynecologic Oncology - SAMSUNG

(ENDOCRINOLOGY ROOM 2 - Tower C – Floor -2)

Chairs: M. C. Blanco - G. Ettore - S. Guerriero

Interactive course with live and pre-recorded demonstration

40 participants

D - Hysteroscopy Course - STORZ

GYNECOLOGY AUDITORIUM - Tower A – Floor 0

Chair: G. Ettore - E. Russo - A. Siscaro

Instruments, indications, contraindications, complications and treatment of the main intrauterine disorders

20 participants

PROGRAMME OVERVIEW

CONGRESS

October 1st, 2025 - Wednesday

Rethinking Gynaecological Oncology: Present and Future

08.30	Live Surgical Session
12.00	Symposium - APPLIED
12.30	Open Lunch
13.00	Symposium - INTUITIVE Surgical
14.00	Symposium - ROBOTIC SURGERY
15.30	Scientific Session

October 2nd, 2025 - Thursday

Taking care of Endometriosis: technologies and new approaches

08.30	Live Surgical Session
12.00	Symposium - ERBE
12.30	Open Lunch
13.00	Symposium - Endometriosis - Adenomyosis - Infertility
14.00	Symposium - HOLOGIC
15.00	Scientific Session
18.30	Opening Ceremony
20.00	Welcome Party

October 3rd, 2025 - Friday

Hysteroscopy: Intrauterine surgery up to date

08.30	Live Surgical Session
11.00	Keynote Lecture
11.40	Keynote Lecture
12.30	Symposium - TRD for RPOC
13.30	Open Lunch
13.30	Symposium - LINA
14.30	Symposium - Combination therapy, for the management of uterine fibroids and endometriosis.
16.00	Scientific Session
18.30	Closing Ceremony

PRE-CONGRESS TRAINING COURSES

PROGRAMME

A - Anatomical landmark and decision making on endometriosis surgery

Chairs: *F. Cannone, M. D'Asta, W. Kondo - M. Zomer*

Faculty: *N. Cinardi, N. La Ferrera, E. Russo, C. Trippia, V. Vinci*

Active participation in operating room

6 participants

The aim of our course is to improve knowledge and skills in laparoscopy applied to gynaecological benign diseases and Endometriosis and will enable you to make a big step forwards in your laparoscopic training.

Learning objectives are:

- Acquire basic and advanced coordination and perception in surgical procedures
- Excisional techniques and endometriosis management
- Better understand how to avoid and manage complications

The participant will have the opportunity to scrub during several surgical procedures in our operating rooms with the faculty surgeons.

PROGRAMME

08:00	Registration
08:15	Welcome, introductions and Course overview
08:30	Surgery in the operating rooms
10:30	Coffe Break
11:00	Surgery in the operating rooms
14:00	Light Lunch
15:00	Didactic session with focus on
	• Principles of pelvic anatomy • Know the energy in laparoscopic surgery • Tips and tricks of endometriosis excisional techniques • How to avoid and manage surgical complications

B - Master Class Suturing Course

Pre Congress “full immersion” 1 day suturing course

What’s the best surgeon knots? Romeo’s gladiator rule:

master in Knot-tying and Loading of the needle

Multidisciplinary suturing course (general surgery, gynecologist, urologist)

10 participants

Chair: A. Romeo

Faculty: E. Burtone, M. Giarola, M. Wojtas

COURSE DESCRIPTION

Suturing is a turning point towards Advanced Laparoscopic Surgery. Combination of the correct stitch and knot tying can be responsible for the success of a complex surgery. Appropriate rules make difficult things easy. The Romeo’s Gladiator Rule put suturing at the hands of all laparoscopists. The knowledge acquired by Romeo’s Gladiator School explain which knots are safe and unsafe or dangerous and how to perform them. This course provides a broad comprehension about the art of laparoscopic suturing, mixing theory and practice.

COURSE OBJECTIVES

At the conclusion of this activity, the participant will be able to:

- 1) identify safe, unsafe and dangerous knots;
- 2) perform bimanual knot tying following the Romeo’s Gladiator Rule .
- 3) Loading the needle and stitching with both hands and supra pubic route.

PROGRAMME

08:00	Registration
08:15	Welcome, introductions and Course overview
08:30	Safe, Unsafe and Dangerous knots in laparoscopy Romeo’s Gladiator Rule: The universal knot tying technique The Theory of the perfect stitch
10:30	Coffe Break
11:00	HANDS-ON - LAB
14:00	Light Lunch
15:00	LAB: Romeo’s Gladiator Knot Tying Technique with right hand dominant in supra pubic port and the assistant in left hand port. LAB: Knot Tying with left dominant hand and right assistant hand in supra pubic trocar.
17:00	Certificate

C - Imaging in Endometriosis and Gynecologic Oncology - SAMSUNG

Chairs: *M. C. Blanco - G. Ettore - S. Guerriero*

Ultrasound examination represents an essential tool for diagnostic work up and management of patients affected by gynecological diseases.

All the essential topics concerning uterine and adnexal disease will be issued according to current classifications, consensus and guidelines.

Interactive course on US and MRI in Endometriosis and Oncology with live and pre-recorded demonstration.

40 participants

08:00 **Registration open**

08:30 **Welcome and Introduction**

G. Ettore, M. C. Blanco, S. Guerriero

SESSION I

Adnexal Masses

Chairs: *A. Bucolo, S. Guerriero*

Discussants: *G. Cavallo, E. Pappalardo, B. Pecorino*

09.00 **IOTA MODELS in the assessment of adnexal masses**

D. Sturla

09.20 **Ovarian Cysts with papillary projections: benign or malignant?**

S. Palladino

09.40 **Serous ovarian tumors: can we use ultrasound to stage the disease?**

D. Franchi

10.00 **Discussion**

10.30 **Live scans and pre-recorded clinical cases**

F. Mascilini

11.00 **Coffee break**

SESSION II

Endometriosis

Chairs: *F. D. Fascilla, S. Guerriero, A. Vallone*

Discussants: *D. Catarella, N. La Ferrera, M. Li Destri*

11:30 **Typical and atypical ovarian endometriosis**

C. Zorzi

- 11:50 **IDEA consensus**
S. Guerriero
- 12:10 **Deep endometriosis involving ureters and rectum**
C. Trippia
- 12:30 **Deep endometriosis: role of MRI**
K. Menni
- 12.50 **Discussion**
- 13.00 **Live Scans and Pre-Recorder Clinical Cases**
C. Trippia
- 13.30 **Lunch**

SESSION III

Myometrial Pathology

Chairs: *S. Incandela, R. Venezia*

Discussants: *E. Giurato, R. Granese, C. Rubino*

- 14.30 **How we can use MUSA terminology to define Adenomyosis**
S. Del Forno
- 14.50 **Myometrial pathology: can we distinguish benign from malignant rare tumors?**
F. Mascilini
- 15.10 **Myometrial pathology: the radiologist point of view**
K. Menni
- 15.30 **Discussion**

SESSION IV

Endometrial Pathology

Chairs: *G. Canzone, M. Rolla*

Discussants: *G. Bonanno, L. Klein, V. Mascellino*

- 16.00 **IETA terminology: few words to describe endometrial pathology**
M. C. Blanco
- 16:20 **Benign endometrial pathology**
M. Rolla
- 16.40 **How to use ultrasound to diagnose and stage endometrial malignant pathology**
D. Franchi

- 17.00 **Discussion**
- 17:30 **Live scan and pre-recorded clinical cases**
F. D. Fascilla
- 18.00 **Thanks and closing**

D - Hysteroscopy Course - STORZ

Chairs: *G. Ettore - E. Russo - A. Siscaro*

Instruments, indications, contraindications, complications and treatment of the main intrauterine disorders

20 participants

In the Hysteroscopy session, thanks to the presence of the pioneers of this discipline, the hysteroscopic world will be traversed from its origins to the present day, through the most advanced, miniaturised and state-of-the-art techniques.

In particular, with the pre-congress course first, and in the conference and related live surgery afterwards, an attempt will be made to derive good procedures for a suitable hysteroscopic examination in the light of endouterine pathology that is different each time.

Of fundamental importance is the connection between ultrasound and hysteroscopy, also intraoperatively.

Topics related to diagnosis and therapeutic choice, whether medical or surgical, in relation to the woman's history will be covered.

PROGRAMME

- 08:00 **Registration open**
- 08:30 **Welcome and Introduction**
G. Ettore, E. Russo, A. Siscaro

SESSION I

Chairs: *S. Giammona, F. Rapisarda, A. Siscaro*

- 9:00 **Office hysteroscopy: how to set up the best treatment for the patient, decision making**
E. Russo
- 9:20 **Hysteroscopy and myomas: from diagnosis to the therapeutic decision to be implemented (medical, surgical)**
A. Favilli

- 9:40 **Cervical Pathology: what is Hysteroscopy Used For?**
G. Gubbini
- 10:00 **RPOC (Retained Products of Conception)**
C. Ettore
- 10:20 **Discussion**
- 11:00 **Coffee break**

SESSION II

Chairs: G. Gubbini, F. Gulino, E. Russo

- 11:30 **Hysteroscopy and endometrial cancer: from precancerous lesions to “fertility sparing”**
N. La Ferrera
- 11.50 **Ultrasound diagnostic work-up of abnormal uterine bleeding: when the hysteroscopic indication?**
F. D. Fascilla
- 12.10 **Hysteroscopy in the diagnostic process of infertility: “new therapeutic strategies”**
A. Favilli
- 12.30 **Uterine dysmorphisms: ultrasound diagnosis and hysteroscopic premanagement**
F. D. Fascilla
- 12.50 **Informed consent and adequate reporting of the hysteroscopic examination, how to avoid and manage surgical complications**
G. G. Incognito, N. La Ferrera
- 13.10 **Discussion**
- 13.30 **Lunch**

SESSION III

Tips and tricks of Hysteroscopic techniques

Tutors: C. Ettore, A. Favilli, G. Gubbini, N. La Ferrera, F. Rapisarda, E. Russo, A. Siscaro

- 14.30 **WET & DRY LAB**
- 17.00 **Live Surgery Clinical Case**
G. G. Incognito, N. La Ferrera
- 17:30 **Thanks and closing**

Rethinking Gynaecological Oncology: present and future

08.00 **Open Session**

08.30 **Live Surgical Session**

Chairs: *G. Bifulco, F. Cosentino, T. Simoncini*

Provokers: *F. Ciancio, L. Giambanco, V. Iannone, G. Panico, G. Sozzi*

Surgeons: *F. Cannone, F. Fanfani, J. Gilabert, S. Gueli Alletti,
*E. Milnerowicz, *F. Guardalà*

12.00 **SYMPOSIUM - APPLIED**

Chairs: *L. Mereu, G. Scibilia*

V-NOTES Technique: approved indications and prospectives

T. Simoncini, G. Panico

Discussants: *F. Guardalà, M.G. Matarazzo, G. Torrisi*

12.30 **Open Lunch**

13.30 **SYMPOSIUM - INTUITIVE SURGICAL**

Chairs: *V. Chiantera, J. Gilabert, W. Kondo*

**Endometriosis:
the advantages of robotic surgery treatment**

Z. El-Gizawy, M. D'Asta

Discussants: *N. Cinardi, M. Falsaperla*

14.00 **SYMPOSIUM - ROBOTIC SURGERY**

Chairs: *V. Cela, L. Mereu*

**Robotic surgery today in Gynecology:
sustainability and effectiveness. Platforms compared**

Discussants: *S. Gueli Alletti, G. Vizzielli*

14.10 **Robot Versius - CMR Surgical**

S. Uccella

14.30 **Robot Hugo - MEDTRONIC**

A. Rosati

14.50 **Robot da Vinci - INTUITIVE Surgical**

E. Vizza

15.10 **Discussion: All Faculty**

Surgical and medical treatments: towards true personalization

ENDOMETRIAL CARCINOMA

Chairs: *F. Raspagliesi, V. Trojano*

Discussants: *G. Bartoloni, S. Bianca, S. Cordio, S. Gueli Alletti*

KEYNOTE LECTURE

- 15.30 **Endometrial carcinoma treatment revolution:
from molecular characterization to therapy selection**
D. Lorusso
- 15.50 **"PDTA" of endometrial carcinoma**
P. Scollo
- 16.05 **Personalization of surgical staging of endometrial cancer**
F. Fanfani
- 16.20 **The role of NGS molecular classification for the management
of endometrial cancer**
R. Bordonaro, S. Paratore
- 16.35 **Therapeutic strategy in the 1st line of metastatic endometrial cancer**
G. Blanco

KEYNOTE LECTURE

- 16.50 **Surgical innovation ad AI in gynecological oncology**
J. Gilabert

- 17.10 **Discussion:** *All Faculty*

KEYNOTE LECTURE

- 17.30 **Hormone replacement therapy after gynecological cancer**
S. Lello
Introduces: *C. Stigliano*
Discussants: *F. Nocera, M. Sapienza*

OVARIAN CANCER

Chairs: *G. Bifulco, F. Cosentino, G. Scibilia*

Discussants: *R. Bordonaro, M. Caruso, N. Cimino*

- 18.10 **Upfront complete cytoreduction for ovarian cancer
in the era of new precision drugs**
A. Ercoli

- 18.30 **The role of surgery in recurrent ovarian cancer**
G. Vizzielli
- 18.50 **Unmet needs in Platinum resistant Ovarian cancer**
D. Sambataro
- 19.10 **Discussion: All Faculty**

October 2th, 2025 - Thursday

**Taking care of Endometriosis:
technologies and new approaches**

08.00 **Open Session**

08.30 **Live Surgical Session**

Chairs: J. Gilabert, A. Mattei, A. Ussia

Provokers: S. Cianci, C. Cicerone, L. Leo, A. Maiorana, G. Trojano

Surgeons: V. Chiantera, M. D'Asta, W. Kondo, M. Malzoni, A. Wattiez

12.00 **SYMPOSIUM - ERBE**

Chairs: A. S. Laganà, G. Trojano

**Electrosurgery evolution in Gynaecology:
innovation and future of technology**

L. Fioravanti

Ablative laser treatment of ovarian endometriosis

M. Candiani

Discussants: A. Romeo

12.30 **Open Lunch**

13.00 **SYMPOSIUM**

Endometriosis and adenomyosis associated infertility

Chairs: *A. Allegra, G. Monni, S. Palomba*

Discussants: *E. Falcidia, G. Gullo, M. Somma, G. Ruvo*

13.00 **Management of adenomyosis and impact on infertility**

S. Vannuccini

13.15 **Endometriosis and fertility: the time and method of pharmacological stimulation**

D. Carone

13.30 **Elective oocyte freezing for fertility preservation in endometriosis: opportunity and cost effectiveness**

A. Guglielmino

13.45 **Discussion**

14.00 **SYMPOSIUM - HOLOGIC**

Chairs: *M. Franchini, L. Giambanco*

Abnormal uterine bleeding: which strategies

Hysterectomy Non-Hysterectomy: endometrial ablation

C. Ettore, B. Zizolfi

Discussants: *F. Gulino, E. Russo*

**Endometriosis management: up to date
Artificial Intelligence and emerging technologies**

Chairs: *A. Mattei, A. Ussia*

Discussants: *M. Iraci Sareri, A. Maiorana, M. Rolla*

15.00 **AI and Deep Learning in Endometriosis Imaging**

A. Di Giovanni

15.20 **Artificial Intelligence, AR, and mixed reality for personalized Surgical Planning**

A. Wattiez

15.40 **Guidelines, experience and endometriosis management (the limitations of the EBM guidelines)**

P. Koninckx

16.00 **Discussion:** *All Faculty*

Which Therapy for Which Patient

Chairs: *V. Chiantera, P. Koninckx*

Discussants: *M. Falsaperla, L. Piazza, G. Sozzi*

- 16.30 **Radical Surgery in Bowel Endometriosis: criteria for surgical Decision-Making**
M. Malzoni
- 16.50 **Management of endometriosis recurrences: indications and strategies**
R. Seracchioli
- 17.10 **From Pelvic Neuroanatomy to Pain, functional impairment and pelvic nerves surgeries**
B. Rabischong
- 17.30 **Extrapelvic Endometriosis: diagnosis and management**
W. Kondo
- 17.50 **Discussion:** *All Faculty*

18.30 **OPENING CEREMONY**

Greetings to the Authorities
